

KWB WB 1.0 & 1.2 metre *Weigh beams*

- **Portable weighing.**
- **Range of Capacities from 2000kg to 6000kg.**
- **1 & 1.2 metre weigh beams sizes.**
- **Built to stand the test of time.**

Kelba KWB 1 & 1.2 metre, family of weigh beams incorporates Kelba's industrial quality IP67 nickel plated load cells, with rubber mounts that inter-face between the upper load carry channel and load cell providing protection from shock loads. These units are built to offer the operator with easy portable and accurate weighing offered in two lengths at 1 metre and 1.2 metre, these units are able to be used just about anywhere from live stock weighing under cattle crushes when extra weighing capacity and size is required and ideally used with the Kelba KX320 live stock weighing indicator to general purpose weighing using any number of industrial weighing indicators. Usually supplied as a set of two weigh beams giving a combined rated capacity ranging from **2000kg to 6000kg** per set of two.
