

## Healthweigh Neo-natal baby scale

**Kelba's** new Healthweigh Neo-natal baby scale is designed with advanced technology for precision weighing of new born, Neo-nates and growing babies. Built to last and ideal for use in homes, Neo-natal clinics, health clinics and hospitals.

The Healthweigh Neo-natal baby scale is equipped with movement compensation technology, essential to eliminate involuntary movement caused by the baby. Designed for multi-functional tasking the scale has a built-in tape measure, to measure the baby at the same time of weighing.

There are 3 tray options depending on personal preference: Opaque white plastic #H610-00-1; two-sided crystal clear #H610-00-2 and four sided crystal clear plastic #H610-00-4. All are lift-off and removable for easy cleaning.

An additional user-convenience detail is the optional twelve drawer durable hard plastic trolley on swivel roller wheels. The trolley is a custom designed for all of the Healthweigh Neo-natal baby scales to make a total module for clinics and neo-natal hospital units.
