

KELBA KPS-DC-P series Drop Centre Platform Scales

Kelba's KPS-DC-P series of NMI trade approved Drop Centre platform scales come in two sizes – 800mm x 800mm and 1200mm x 1200mm platform sizes. Built to a standard not a price yet remain reasonably priced. These scales come with built in ramps for easy entry and exit with checker plate top deck and ramps. Ideally suited when you need to roll the goods being weighed via a trolley on and off etc. Makes weighing simple and convenient.
