New baby scales are wriggle proof

Hornsby Ku-ring-gai Hospital now has two sets of 'wriggle proof' baby scales thanks to Kelba (Australia) Pty Ltd.

One set is a neo-natal baby scale and the second set, a portable light weight unit suitable for community nursing.

Wayne Grech, General Manager, Kelba (Australia) Hornsby initiated the donation.

"I thought it was time to give something to our community and immediately thought of the Maternity Unit."

The scales are designed to provide precision weighing of newborn and growing babies and are equipped with movement compensation technology to eliminate involuntary movement caused by baby.

L to R: Judith Hand, Nurse in charge Nursery, Rosie Carruthers, UTS student nurse, baby Bailey Boyd and Wayne Grech, General Manager Kelba (Australia)
