

## KELBA KPS-SS series Stainless Steel Platform Scales

**Kelba's** KPS-SS series of NMI trade approved stainless steel platform scales come in four sizes - 800 x 800mm, 1200 x 1200mm, 1500 x 1500mm and 2000 x 2000mm. Built to a standard not a price yet remain reasonably priced. These scales come with a smooth top deck for easy cleaning and are ideally suit in all food manufacturing, wet areas, harsh chemical environments etc and can be ATEX certified with an optional approved indicator & junction box. At the heart of each scale is the loadcell and for this reason Kelba use the Scaime SK30X trade approved series of IP68 Hermetically sealed shearbeams from France, which carries a 3 warranty, refer to separate data sheet for full specifications.

KPS-SS series Platform scale

Stainless Steel Ball & Cup Feet

Stainless Steel Junction Box

Underneath C Channel Construction 1200 x 1200mm
